

~~DON'T DO NOTHING!~~

“You knew he had a blade,
but you brushed it off.

You could have warned me,
told someone, anyone...”

Knife crime is not ok.

Step up and call it out

Say something and support a friend

Tell someone who can help

Because the **behaviour you ignore,**
is the **behaviour you accept!**

Only do something if safe to do so.

Being an **active bystander** can help stop knife crime.

In an emergency, call 999.
